

Research & Innovation for Industrial Technology

October 09, 2023 | 9:00 am – 11:00 am | online

The 4th EFDS Web Meeting is all about international cooperation. What funding opportunities are there? How do I find the right partners? International players will present positive examples of successful collaborations.

We would also be happy to create a small contact exchange for you. Who are you looking for and for which international cooperation? Just send us your profile.
