

In 2025 the EFDS will organize the 8<sup>th</sup> Conference & Exhibition "ALD FOR INDUSTRY" in Dresden (Germany), at one of the focal points of European thin-film technologies in industrial applications and research. "ALD for industry provides the opportunity to get in touch with industrial and academic partners, to learn more about fundamentals and potential application of ALD technology. The Conference will again show the **bridge between basic science**, **industrialisation and commercialisation** of this technology.

## **International Conference Tutorial & Exhibition**

This event provides the opportunity to learn more about fundamentals of ALD technology, to get informed about recent progress in the field and to get in contact with industrial and academic partners. Increase your visibility and present your company in our accompanying exhibition.

Atomic layer deposition (**ALD**) is a process used to deposit a wide variety of thin film materials from the vapor phase of matter. The Global Atomic Layer Deposition ALD Equipment Market Size was estimated at USD 1296.62 million in 2021 and is projected to reach USD 6744.66 million by 2028, exhibiting a CAGR of 26.56% during the forecast period. The growth of this technology is not only based in microelectronics applications, but also in areas of industrial Li-lon batteries, photovoltaics and quantum technology. Atomic layer deposition, is a thin film technology that enables new and highly innovative products for a wide range of applications.

At the **conference** recent developments for ALD processes, simulation and characterization of coatings and coating processes, precursor materials, ALD systems and coatings for special applications are presented. Beside the Conference, you will have the chance to meet industrial experts and get informed about new materials, coating systems, measurement technology for quality management and suitable equipment in the **exhibition**. During the **tutorials** basic knowledge will be refreshed or extended with new insights and basic process understanding.

### **General Information**

# Focus on the current markets for ALD and the applications in

- Semiconductor industry
- MEMS & Sensors
- Battery technology
- Hydrogen technology
- Medical applications
- Display and waveguides
- Lightning
- Photovoltaics
- Porous materials

#### YOUR PARTICIPATION

Ticket	Price*	
Standard ticket   early bird	830 EUR	
Standard ticket   after January 31, 2025	930 EUR	
Student ticket / Student Poster	420 EUR	
Poster Presenters	730 EUR	
Speakers & Committee	free of charge	

#### Book your Ticket now

The registration fee includes the participation of the chosen event, conference booklet, coffee and lunch breaks as well as the Get-Together. The general terms and conditions of sale of EFDS apply (<a href="www.efds.org/en/agb">www.efds.org/en/agb</a>). Cancellations must be made in written form.

\*workshop fees are free of VAT according to §4 (22a) UStG (German value-added tax law)

### **General Information**

### Further Possibilities

- book a sponsoring and present your suitable products and services directly to an interested community.
   Booking Deadline: December 31, 2024 according to availability.
- submit an abstract and present your research and development results to get in discussion. Also, industrial talks and application reports are welcome!

Abstract Submission Deadline: **September 15, 2024** 

## Call for Paper

You are working with ALD and would like to preour recent The Program for 2025 is filled! Thank you to all speakers, who enrich research and devolpment results or aim interessting application?

the next event with their contributions. You want to discuss

next event right know. Write us! We a

Deadline: Septel

A presentation slot (10 min advertisement or 20 min expert presentation)		X

### **Sponsoring**

Sponsoring Offer

Book now!

Gold Sponsoring
2.200 EUR plus VAT

**Platinum Sponsoring** 2.700 EUR plus VAT

Exclusive Main Sponsor individually discussed with you only in combination with Gold or Platinum Sponsoring

Thank you very much for your support!

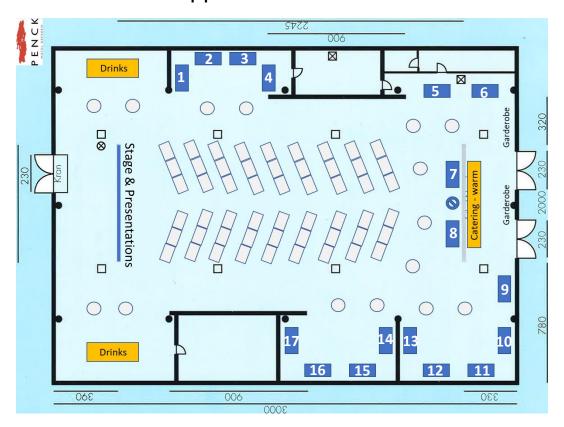

### **Sponsoring & Exhibition**

Your chance to present your products and services to the community of Atomic Layer Deposition and their applications.

## Penck Hotel Hall of Arts

**Table for Sponsors** 

You are fully involved and visible everytime.

## **Sponsoring**

The guest pays for the overnight stay directly to the booked hotel on a cost basis. A reservation confirmation will be sent directly to you by the respective hotel. EFDS e.V. accepts no liability for room bookings and cancellations.

#### **Event Location:**

Penck Hotel Dresden, Ostra-Allee 33, 01067 Dresden

t.: +49 351 4922-785, <u>www.penckhoteldresden.de</u>
