

**June 11, 2025 | 09:00 – 11:00 a.m. | online**

Innovation at the intersection of business and research is an important step to strengthen Europe and the European Community for surface engineering technology. We offer the opportunity to find international cooperation partners for your topics in order to keep the players in contact and accelerate the innovation process. The HORIZON EUROPE Program of the European Commission provides a variety of possibilities to get funding for international research projects.

Stay informed and find your next cooperation partner.

Keytopics will be:

- Battery technology
- Carbon Storage and Carbon Capture
- Hydrogen Technology
- Catalysis & Gas Conversion
- Mobility

## Program

### Welcome

**09:00 am | Overview to HORIZON EUROPE**

ZEUSS - Central EU Service Saxony  
Juliana Rodrigues Kozovits

**09:30 am | Overview to Cluster 5 „Climate, Energy & Mobility“**

National Contact Service Climate, Energy & Mobility;  
Simon Serowy, Projektträger Jülich, Germany

**10:15 am | Presentations of supporting European National Networks**

Short-Pitch presentations of European Networks recently registered: Austria, Czech Republic, Germany

**10:30 am | Discussion & Research Needs**

Discussion of international project teasers, Matchmaking & needs for research.

**12:00 am | END of the Event**

### Bridge2Innovation

- ✓ Online event
- ✓ International partners & participants
- ✓ Free of charge
- ✓ Short term discussion

### Aim of the Meeting

- Information on European Funding
- International Networks
- Research Needs & potential Cooperation Partners

### Contact

#### European Society of Thin Films

Gostritzer Str. 63  
01217 Dresden  
Germany
